# Family Tech Talk Event: Content Overview

---

- The session is designed for parents and will focus on a wide-range of topics organized into 4 pillars:
  - **Be Online** – overview of how to set the right environment, rules, and example for our families. Discussion of tech tools and best practices to support family online safety and wellness.
  - **Be Safe** – overview of how to help our family protect their privacy, personal information, and physical selves. Discuss risks on social media, gaming, scams, strangers and how to avoid them.
  - **Be Kind** – covers what it means to be kind to others, but also to oneself. Includes bullying, how to encourage kindness/respect, and what to do if your child is the bully.
  - **Be Savvy** – discussion about how kids SHOULD use technology (vs. what NOT to do with it. Ideas and best practices on ways kids can use the internet in positive ways, and it can be used to learn, pursue interests, showcase their strengths and likes, and do good in the world.

# Family Tech Talk Event: Event Overview

---

- **Platform:** The event is hosted on Zoom and runs about 75 minutes to accommodate questions & interactions.
- **Interaction:** It is interactive; participants are able to comment and ask questions throughout the session, and the presenter introduces polls or encourages comments at various points.
- **Multi-language:** We can provide support for additional languages with a live translators for events attended by multiple school communities.
- **Recording:** The session is recorded and the link to the recording is only provided to those who attended. Recordings remain available for a limited period of time due to the fact that the content is constantly being updated.
- **Proof of attendance:** Schools attending the events are highly encouraged to sign in on the attendance sheet which is shared with the audience during the presentation. School organizers wishing to have a confirmation of their school's attendees can request this list to be provided to them.
